### **Welcome & Introductions**

Chair Roberts conducted roll call and turned over the discussion to Nathan Sanderson.

### **discussion of Draft Final Report**

Sanderson received several comments from PHWG members that will be implemented in the final version. PHWG members were asked to provide any further significant changes or additions to the report. Discussions followed on various recommendations and topics within the report.

An observation was made by Halverson that the report does a nice job from the perspective of a landowner, however wonders how a person from the general public perceives the overall approach. The PHWG further discussed sections within the report and provided suggestions which address public land approaches that would garner more public interest and support knowing this will provide benefits to them as non-landowners.

### **Next conference call**

- Sanderson explained to the PHWG that he will incorporate suggestions and changes within the next week and send out for review.
- The next conference call is Wednesday, August 20, 2014 at 2 p.m.
